Quality Tractor
And Implement Spares
@ Cost Effective Prices.
Delivered To Your Door.

ALL MAJOR CREDIT & DEBIT CARDS ACCEPTED.

Here at Independent Agri-Parts we sell all tractor and machinery spares. There is also a tractor spares catalogue available. Please phone if you require one and we will post it to you directly.

The catalogues are only a taste of what we can offer you. Our staff are well informed and can use their own initiative.

Good customer relations is our aim, obviously we are human and at times the phones are busy. However, we are always pleased to hear from our customers with good or bad criticisms. Do phone and speak to Paul or Leisha with any of your comments.

We are constantly working with our suppliers to maintain good relations and better prices. The aim is to put more back on your bottom line.

INTRODUCING THE
“MINI SUPER SINGLE”

Fed up with **punctures** in your agricultural trailer wheels? Currently running 12.5-80-15.3 or 11.5-80-15.3 6 or 8 stud units?

We have found a solution!

6 and 8 stud agricultural rim fitted with a commercial tyre (285/70R19.5—like a Mini Super Single)

WHY THE MINI SUPER SINGLE?

You are all telling us the older tyres will not stick the work load of todays farmers and machinery, so we have come up with sensibly-priced answer. We have put a commercial lorry tyre on an agricultural rim, 6 or 8 stud.

So what do we get for our money you ask? You get a good second-hand or a blemished tyre (occasionally re-cut tyres) on a new rim. A great improvement for just £189.00 + VAT (price correct at time of printing).

DB1490 (10x24 ring rim)	£175
Ford 6610 (10x24 ring rim)	£175

WHAT ARE RING RIMS?

Our ring-rims offer a convenient, heavy-duty, multi-fit solution for 4WD fronts. A ring-rim consists of a basic rim with a steel band (ring) welded around the inside. Rather than isolated lugs, the ring has multiple holes allowing for different configurations of wheel dish. The ring has the added advantage of spreading rotational stress across the rim, helping to avoid lug-ripping.

Available for centre dishes with 6 equally spaced holes, or square-pan type dishes. All necessary bolts and spacers are included in the price.
